

February 2019

UPDATE ON LABDARA'S FUNDRAISING CAMPAIGN 2019

The Toronto Lithuanian community has once again demonstrated its support for LABDARA, the only Lithuanian Nursing Home in Canada and one of the highest rated Nursing Homes in the City of Toronto! We are very grateful for the financial contributions that we have already received from Labdara families and members of the community in achieving our fundraising goals for 2019. As we say, '**Be Jūsų, nebūtų Mūsų!**' We couldn't do it without you!

In particular, we would like to acknowledge the generous donation from G. and D. Sakus for the purchase of three sleeper chairs. The chairs have been ordered and we believe that families and residents will benefit greatly from them during end of life palliative care.

The Board of Directors will continue its fundraising drive to purchase 15 additional chairs for the community room to create extra seating capacity (\$7,000) as well as patio enhancements (\$8,000).

The Board's adjusted goal is to raise \$15,000 which would enable us to purchase the above items and complete exterior work.

Please show your support and participate in the excellent work LABDARA Nursing Home does in caring for your parents, relatives and friends by making your financial donation today. (See reverse side of this letter for the donation form).

In anticipation of your generosity, we offer our very sincere thanks!

Judy Kavaliauskas, President
LABDARA Board of Directors

Virginia Peciulis, Treasurer
LABDARA Board of Directors
